SUSTAINABLE ENERGY INITIATIVE
SEMINAR SERIES BREAKFAST

**Smart Grid Solutions for Sustainable Buildings: Advances in
renewable energy and efficiency within the context of buildings**
Thursday, January 26th, 2012. 8-11:30AM, Ryerson University
Heaslip House, 7th floor, 297 Victoria Street

This event will bring together local and international experts in the field of building science, engineering and sustainable energy technologies to discuss smart and intelligent technologies for creating sustainable buildings.

Speakers and panelists will include **PETER LOVE, TOM RAND, ROSA FERNANDEZ, FARID BENSEBAA, RUSSELL RICHMAN** and **DR. URSULA EICKER**. Complete event details are available at www.yorku.ca/fes

This event is free, but registration is required due to limited space.

RSVP by January 23 to tarob@yorku.ca or info@cue.ryerson.ca with
"RSVP to CUE/SEI Jan 26th seminar" in the subject line.

Co-sponsored by Ryerson University's Centre for Urban Energy (CUE),
the IEEE Toronto Chapter and York University's European Union Centre of Excellence
